

Innovation Seed Grant 2025-2026 School Year Application

Grant Follow-Up Form and Video Submission Instructions

Thank you for participating in the Innovation Grant! Please complete the Grant Follow-Up form and include a 2-minute video that showcases your project using the follow-up form below as a guideline. This video will be shared with the Foundation Board and may be used to inspire future donors. We encourage creativity, and there's no need for high production quality; recording on a smartphone or other simple device is perfectly fine.

Please ensure everyone in the video has permission to be filmed, especially students. By submitting, you agree that the video becomes the property of the Fullerton Education Foundation (FEF) and may be used on FEF or FSD websites, social media, and promotional materials.

Use the following guidelines to structure your responses in both the form and video:

1. **Project Summary**

Provide a brief overview of your project as implemented. Highlight any adjustments made from the original plan and describe what students did and learned.

2. **Implementation Details**

Outline the steps you took to bring the project to life, including any challenges faced and how they were addressed. Mention any resources or strategies that were especially effective.

3. **Impact and Outcomes**

Share the project's outcomes. What positive impacts did you observe in student learning, skills, or engagement? Include specific examples or measurable results where possible.

4. **Teacher Resource Synopsis**

Create a brief guide for other teachers interested in a similar project. Offer tips, insights, and any changes you would make if doing it again.

Thank you for your creativity and dedication! We're excited to see the impact of your project.
